ANDREASKLINIK UPGRADE

The AndreasKlinik UPGRADE offers you the option of paying a surcharge and upgrading to a higher category. In addition to a more comfortable room, this also offers you other benefits.

If you have semiprivate insurance cover, you can really indulge yourself by spending your time with us in a single room.

If you have general insurance cover, you can switch from a multiple-bed room to a two-bed or a single room, subject to availability. In view of the limited number of beds on the General Ward and the correspondingly high demand for two-bed and single rooms, we recommend that you pre-book your AndreasKlinik UPGRADE in good time, also with regard to guaranteed hospital admission on the desired date.

You can choose between various service packages:

I am insured in the canton of Zug or have health insurance with the additional «General all over Switzerland» without limitations for private hospitals. I am aware that the AndreasKlinik UPGRADE will not be covered by my health insurance company and am prepared to pay the appropriate surcharge for the higher insurance category. The physician will determine the discharge date. **The day of admission and the day of discharge each count as a full day.** The flat-rate fees apply irrespective of the length of my stay. The flat-rate fees for birth are not depending on the length of stay. The flat-rate fee will not be reimbursed in case of an earlier discharge than planned by the gynaecologist. In case of a medical indicated transfer to another hospital the daily fees apply instead of the flat-rate fee. Single and double rooms at Intermediate Care Station (IMC) upon availability.
