

# PLEASE ADHERE TO THE FOLLOWING VISITING RULES

- There is **no general mask wearing requirement** at the clinic. A mask must still be worn for direct contact with immunocompromised patients, i.e. patients with the highest risk due to a weakened immune system. Cloth masks are not permitted.
- All patients may be visited from the first day of their stay in our hospital with **no restrictions on the number of visitors**.
- Visitors with **symptoms of coronavirus infection and/or proven coronavirus infection or after unprotected contacts** with covid patients are **not allowed to visit patients**.
- Our **restaurant** is **open** to visitors and patients.
