

Publications

1. Alexandre Lädermann, Eileen Tay, Philippe Collin, **Sébastien Piotton**, Chih-Hao Chiu, Aude Michelet, Caecilia Charbonnier.
Effect of critical shoulder angle, glenoid lateralization, and humeral inclination on range of movement in reverse shoulder arthroplasty
Bone Joint Res. 2019 Aug
2. Sophie Abrassart, Franck Kolo, **Sébastien Piotton**, Joe Chih-Hao Chiu, Patrick Stirling, Pierre Hoffmeyer, Alexandre Lädermann
'Frozen shoulder' is ill-defined. How can it be described better?
EFORT Open Rev. 2020 May
3. Lädermann A, Chiu JC, Cunningham G, **Piotton S**, et al.
Do short stems influence the cervico-diaphyseal angle and the medullary filling after reverse shoulder arthroplasties?
Orthop Traumatol Surg Res. 2020
4. Lädermann A, Denard PJ, Collin P, Cécile Cau JB, Van Rooij F, **Piotton S**.
Early and delayed acromioclavicular joint reconstruction provide equivalent outcomes
J Shoulder Elbow Surg. 2020
5. Philippe Terrier¹*, **Sébastien Piotton***, Ilona M Punt, Jean-Luc Ziltener, Lara Allet
Predictive factors of recovery after an acute lateral ankle sprain: a longitudinal study
Submitted
6. Alexandre Lädermann, **Sébastien Piotton**, Sophie Abrassart, Adrien Mazzolari, Mohamed Ibrahim, Patrick Stirling
Conservative management of frozen shoulder: an overview of meta-analyses of randomised controlled trials
Submitted
