

## PRESS RELEASE

Glattpark, 30 April 2025

### Personnel change within the Hirslanden Executive Committee

**Stéphan Studer has decided to take on a new professional challenge outside of Hirslanden. He will start his new position as Director of Individual Health at Groupe Mutuel on 1 September 2025. He will also serve as a member of the Executive Board.**

Stéphan Studer has been part of the Hirslanden Group for 10 years, initially as Hospital Manager of Clinique La Colline in Geneva, before becoming Chief Operating Officer and member of the Executive Committee in May 2019. He channelled his commitment and expertise into making a significant contribution to the development and positioning of Hirslanden. A host of initiatives have been implemented under his direction, including the founding of the Center for Sports and Exercise Medicine at Clinique La Colline, the launch of the PPP project by the Centre for Outpatient Surgery in collaboration with the Geneva University Hospitals, the founding of Medical Center Wankdorf in Bern, the establishment of partnerships with Mujinga Kambundji and Swiss Ski, and the successful turnaround in Lausanne.

Daniel Liedtke, CEO of the Hirslanden Group, had the following to say: “On behalf of the entire Executive Committee, I would like to thank Stéphan wholeheartedly for the close, cooperative and trustful working relationship we had with him and his enormous commitment to our company. We wish him all the best for the future – both professionally and personally.”

The search for a successor for the Hospital Manager of the two Hirslanden clinics in Lausanne has begun.

#### **About Hirslanden**

Hirslanden is committed to high-quality, responsible and efficiently integrated healthcare that focuses on the needs of the individual. Working together with private and public cooperation partners, the Hirslanden Group prioritises ongoing development of the Continuum of Care concept. From birth to old age, from prevention to healing, Hirslanden is always there, both on a physical and digital level.

Hirslanden differentiates itself from the rest of the market as a service provider with first-class medical care aimed at improving the quality of life of each of its patients – guaranteed by highly qualified independent specialists with years of experience, excellent and attentive nursing care, and outstanding services to provide a high level of comfort in a warm and welcoming atmosphere. Interdisciplinary medical centres of expertise, specialised institutes and professional partners provide optimal, personalised diagnosis and treatment of even highly complex cases, on both an inpatient and outpatient basis. The Hirslanden Group operates 17 hospitals in 10 cantons, many of which have an emergency department. It also operates 5 outpatient surgery centres, 19 radiology and 6 radiotherapy institutes. The Group has 2,651 partner doctors

## PRESS RELEASE

and 11,146 employees, 580 of whom are permanently employed doctors. Hirslanden is the largest medical network in Switzerland. As at 31 March 2024, the Group had treated 112,008 patients for a total of 446,623 inpatient days. The patient mix consists of 52.1% patients with basic insurance, 27.3% with semi-private insurance and 20.6% with private insurance. The Hirslanden Group was formed in 1990 following a merger between several hospitals, and is now part of the Mediclinic Group.
