

PCR saliva tests incl. certificate

Pooled PCR saliva tests are the significantly more reliable and convenient test variant than antigen rapid tests. Participation is free including the issue of a Covid certificate.

1

Get informed

You can find detailed information on the „Pool tests for all“ project website: www.hirslanden.ch/pooltests

2

Register

Registration and payment is done via www.pooltests.ch. All participating test sites are listed by postcode there.

3

Perform test

Identify yourself at the selected test site and perform the saliva test under guidance and supervision.

4

Wait for analysis

Your sample will be pooled with other samples and analysed in the lab. The result is usually available within 24 hours after receipt of the sample in the lab.

Negative result

You will automatically receive your Covid certificate by e-mail. This is valid for 72 hours from the time the sample was taken.

Positive result

You are asked to take a free individual confirmation test (PCR or rapid antigen test). If it is negative, you will receive a certificate.
