

## **BLOOD PRESSURE TABLE**

DATE	MEASURE- MENT TIME	SYSTOLIC BLOOD PRESSURE	DIASTOLIC BLOOD PRESSURE	<b>PULSE</b> (beats	COMMENT
		(mmHg)	(mmHg)	per minute)	

## HOW DO YOU MEASURE YOUR BLOOD PRESSURE CORRECTLY?

Have a rest for at least three to five minutes before you measure your blood pressure. Sit on a chair and make sure that you are completely relaxed with your arm resting flat at approximately heart level. That way the reading will be accurate.
