

Publications (sélection)

Articles:

- Marchesi D., Schneider E., Glauser P., Aebi M.: Morphometric analysis of the thoracolumbar and lumbar pedicles. *Surg. Radiol. Anat.* 10, 317-322 (1988).
- Marchesi D., Michel M., Schneider E., Aebi M.: Experimental verification of direction finder for anterior transpedicular fixation of the lumbar and thoracic spine. *Orthop. Trans.* 12, *J Bone Joint Surg (Am)* 476 (1988).
- Aebi M., Etter C., Coscia M., Marchesi D., Odontoid fractures: treatment with anterior screw fixation. *Orthop. Trans.* 13, *J Bone Joint Surg (Am)* 213 (1989).
- Marchesi D., Schneider E., Aebi M.: Assessment of the stability of a new anterior plate using transpedicular fixation in the lumbar and thoracic spine. *Orthop. Trans* 13, *J Bone Joint Surg (Am)* 376 (1989).
- Marchesi D., Aebi M.: Segmental fixation of the lumbar and lumbosacral spine by translaminar screwing. *Orthop. Trans.* 14, *J Bone Joint Surg (Am)* 822 (1990).
- Aebi M., Marchesi D., Zuber K.: The treatment of cervical spine injuries with anterior plating: indications, techniques and results. *Spine* 16, S38-S45 (1991).
- Marchesi D., Thalgott J., Lowery G., Aebi M.: The application and results of the internal skeletal fixation system in non-traumatic indications. *Spine* 16, S162-S169 (1991).
- Boos N., Marchesi D., Aebi M.: Die Anwendung des Cotrel-Dubousset-Instrumentariums mit pedikulären Schrauben beim chronischen lumbalen Rückenschmerz. *Orthop. Praxis* 27, 423-427 (1991).
- Boos N., Marchesi D., Aebi M. : Chronische Rückenschmerzen nach lumbalen Wirbelsäuleneingriffen - Möglichkeiten der chirurgischen Reintervention. *Orthop. Praxis* 27, 428-432 (1991).
- Marchesi D., Rüdeberg A., Aebi M.: Evolution des scolioses neuromusculaires traitées conservativement chez les patients MMC. *Acta Orthop. Belgica* 57 : 390-398, (1991).
- Boos N., Marchesi D., Aebi M.: Treatment of spondylolysis and spondylolisthesis with the Cotrel-Dubousset Instrumentation. *J. Spinal Disorders* 4: 472-479 (1991).
- Marchesi D., Transfeldt E., Bradford D., Heithoff K.: Changes in vertebral rotations following Harrington and Luque instrumentation for idiopathic scoliosis. *Spine* 17: 775-780 (1992).
- Boos N., Marchesi D., Aebi M.: Traitement chirurgical des spondylolisthesis à déplacement modéré par fixation pédiculaire et fusion postérolatérale. *Revue Chir. Orthop.* 78: 228-235 (1992).
- Marchesi D., Aebi M.: Pedicle fixation devices in the treatment of adult lumbar scoliosis. *Spine* 17: S304-S309 (1992).
- Boos N., Marchesi D., Heitz R., Aebi M.: Surgical management of lowgrade spondylolisthesis in adults with transpedicular fixation and posterolateral fusion. *J. Orthop. Surg.* 6: 233-240 (1992).
- Aebi M., Marchesi D., Boos N.: The treatment of adult lumbar scoliosis with pedicle fixation devices. *Orthop. Trans.* 16: *J. Bone Joint Surg. (Am)* 163 (1992).
- Marchesi D., Michel M., Lowery G., Aebi M.: Direction finder for anterior transpedicular fixation of the lower thoracic and lumbar spine. *Spine* 18: 461-465 (1993).
- Boos N., Marchesi D., Zuber K., Aebi M.: Treatment of severe spondylolisthesis by reduction and pedicular fixation : a four to six year follow-up. *Spine* 18 : 1655-1661 (1993).

- Marchesi D., Boos N., Aebi M.: Surgical treatment of tumors of the cervical spine and first two thoracic vertebrae. *J. Spinal Disorders* 6: 489-496 (1993).
- Boos N., Marchesi D., Zuber K., Aebi M.: Treatment of severe spondylolisthesis by reduction and pedicular fixation : a four to six year follow-up study. *Orthop. Trans. 17: J. Bone Joint Surg (Am)* 99 (1993).
- Steffen T., Rubin R., Baramki H., Antoniou J., Marchesi D., Aebi M.: A new technique for measuring lumbar segmental motion in vivo: Method, accuracy and preliminary results. *Spine* 22: 156-166 (1997).
- Marchesi D., Arlet V., Aebi M.: Modified Galveston technique in the treatment of Duchennes's neuromuscular scoliosis. *J. Ped. Orthop. :* 17: 743-749 (1997).
- Marchesi D.: Management of odontoid fractures. *Orthopaedics* 20: 911-916 (1997).
- Marchesi D., Arlet V., Goytan M., Aebi M. : Unisegmental posterior instrumentation and fusion for incomplete thoracolumbar burst fractures. *Orthop. Transactions* 21: *J. Bone Joint Surg (Am)* (1997).
- Arlet V., Marchesi D., Duhaime M., Aebi M. : Adolescent idiopathic scoliosis : a modified method to correct thoracic curves. *Orthop. Transactions* 21: *J. Bone Joint Surg (Am)* 660-661 (1997).
- Arlet V., Marchesi D.: Redresser le problème de la scoliose en pédiatrie. *Le Clinicien* 13 : 151-166 (1998).
- Arlet V., Marchesi D., Aebi M.: Correction of adolescent idiopathic scoliosis with a new type of offset apical instrumentation. *J. Spinal Disorders* 11: 404-409 (1998).
- Papin P., Arlet V., Marchesi D., Laberge J., Aebi M. : Traitement de la scoliose de l'adolescent par libération antérieure et arthrodèse vertébrale sous laparoscopie. *Rev. Chir. Orthop.* 84: 231-238 (1998).
- Papin P., Arlet V., Marchesi D., Aebi M. : Unusual presentation of spinal cord compression related to misplaced pedicle screw in thoracic scoliosis. *Eur. Spine J.* 8: 156-159 (1999).
- Arlet V., Marchesi D., Papin P., Aebi M. : The « MW » sacropelvic construct : an enhanced fixation of the lumbosacral junction in neuromuscular pelvic obliquity. *Eur. Spine J.* 8: 229-231 (1999).
- Marchesi D., Arlet V., Aebi M.: La scoliose de l'âge adulte. *Le Clinicien* 14 : 153-161 (1999).
- Arlet V., Papin P., Marchesi D., Halo femoral traction and sliding rods in the treatment of a neurologically compromised congenital scoliosis : technique. *Eur. Spine J.* 8: 329-331 (1999).
- Arlet V., Papin P., Marchesi D., Aebi M. : Adolescent idiopathic scoliosis : apical correction with specialized pedicle hooks. *Eur. Spine J.* 8: 266-270 (1999).
- Steffen T., Marchesi D., Aebi M.: The biology and biomechanics of bone substitutes in the spine. *Clin. Orthop.* 371: 28-3 (1999).
- Baramki H., Steffen T., Lander P., Chang M., Marchesi D.: The efficacy of interconnected porous hydroxyapatite in achieving posterior lumbar fusion in sheep. *Spine* 25: 1053-1060 (2000).
- Arlet V., Marchesi D., Papin P., Aebi M.: Decompression following scoliosis surgery: treatment by decreasing the correction of the main thoracic curve or « letting the spine go ». *Eur. Spine J.* 9: 156-160 (2000).
- Marchesi D., Spinal fusions: bone and bone substitutes. *Eur. Spine J.* 9: 372-378 (2000).
