

- Mayer H, Thies J, **Schmidt J**, Gebhard MM, Herfarth C, Klar E 1.5
 Verminderung des Reperfusionsschadens durch N-Acetylcystein bei
 experimenteller Pankreastransplantation. Decreasing reperfusion damage with
 N-acetylcysteine in experimental pancreas transplantation.
 Langenbecks Arch Chir 1998, 115 Suppl 1: 147-151
- Mayer H, Schmidt J, Thies J, Ryschich E, Gebhard MM, Herfarth C, Klar E 17 1.8
 Characterization and reduction of ischemia/reperfusion injury after experimental
 pancreas transplantation.
 J Gastrointest Surgery 1999, 3: 162-166
- Hackert T, Werner J, Uhl W, Gebhard MM, Büchler MW, Schmidt J 1 2.1
 Reduction of ischemia/reperfusion injury by antithrombin III after experimental
 pancreas transplantation.
 Am J Surg 2005, 189:92-97
