Programme Outcomes

This programme leads to registration in the category General Nurse (GN R.171 of 8 March 2013). The Registered General Nurse, holding a Diploma in Nursing, will possess the necessary knowledge and skills to provide nursing care to patients with a wide range of conditions in various healthcare settings and manage a nursing unit.

Programme Duration

36 Months

Target Group

Grade 12 / NVC level 4 Primary Health Students

Format of Tuition

Teaching is a contact-based approach that utilises problem-solving and self-study in healthcare settings. Training is accompanied by professional personnel in simulated and real-life settings. Teaching is in English, and the curriculum is outcomes-based.

Language of Instruction

English

Applications:

Visit the Mediclinic website at:

<https://careers.mediclinicstudents.co.za/>

The following will be required as soon as the application system opens:

- Short CV;
- Certified copy of grade 12 certificate or grade 11 academic results;
- Certified copy of the front page of the ID book;
- Proof of non-refundable application fee paid;
- Proof of South African citizenship, if applicable.

- English level 5;
- Life Science (Biology) level 5 or Physical Science level 4;
- Mathematics Literacy level 5 or Mathematics level 4;
- Minimum 26 points (27 points if Mathematical Literacy applies), which excludes Life Orientation;
- Computer Literacy (NQF Level 3) will serve as recommendation.

THE RPL APPLICANT HAS TO MEET THE FOLLOWING MINIMUM REQUIREMENTS:

- Hold a valid Matric (Grade 12) with admission to a Diploma or National Vocational Certificate, meeting the required APS score (as indicated above), or an old senior certificate with an aggregate of 950 marks or higher, including the compulsory subjects.
- If a candidate does not have one of the following subjects: Life Science (Biology) or Physical Science (on a Grade 12 level), they can apply for entrance to the programme via RPL if:
 - 25 years and older;
 - Have a minimum of 5 years of operational experience in healthcare;
 - Write and pass the relevant RPL course;
- Submit a motivational letter from their employer, if applicable.

Note: A candidate can RPL only one subject.

Payment of a non-refundable application fee

Recognition of prior learning based on criterion-referenced assessment of students with healthcare-related experience, if applicable

South African Citizenship

Applicants will also undergo psychometric testing, an interview and a health assessment as part of the selection process.

You may have to travel to the nearest approved learning centre for theoretical instructions.

Fees and Funding

Mediclinic Higher Education determines the fees. The fees are subject to change and are published on the Mediclinic website. The study fee payment structure is as follows: 25% of the total annual fees is required before the commencement of the programme. A second payment of 25% is due by the end of March. The full balance is due by the end of June.

A candidate will not be allowed to commence with the programme if the registration fee is not paid in full. No student will be allowed to progress to the following study year if there are any outstanding fees.

Mediclinic will allocate a certain number of bursaries each year.

Bursary students will also be provided with a stipend to assist with living expenses; however, students are expected to arrange their accommodation and transportation to and from the various clinical facilities.

Students are responsible for the cost of any prescribed and recommended books. Other institutions requesting training for their employees will be invoiced before the programme commencement.

Programme Timetable

Invitation for Applications	Closing Date for Applications	Commencement of Programme
N/A	1 May to 30 June	January

Rules and Requirements

- Students must achieve an average mark of 50% in each module to be eligible for the examination.
- A theory examination mark of 50% per module is required to pass the examination.
- A theory final mark of 50% per module is required to pass each year.
- Competency must be achieved in all formative and summative clinical assessments.
- Students will need to fulfil all requirements to complete each study year and obtain the final qualification.
- A supplementary theoretical and clinical examination will be granted.
- Students may retain credit for the theoretical and practical portions of the programme if they need to repeat the year.
- Mediclinic will place students in the clinical component of the programme.
- All students must work a minimum of 42 hours per week to qualify.
- Students are not permitted to work permanent night duty during the programme.

Contract

Students will be expected to sign a contract with Mediclinic; bursary students will be required to work back a period equal to the length of the programme upon successful completion. If a bursary student does not complete the programme successfully, he/she will be liable for the programme costs and administration costs.

Student information will be shared with legislative bodies and used for BBBEE purposes.

Code of Conduct

All students are subject to the Mediclinic grievance procedures and the disciplinary code that governs workplace conduct.

- Twenty-eight shifts (each of 6 hours) will be granted leave per year during the programme, according to the rotation schedule.
- Twelve (12) days of sick leave will be granted per year.
- Suppose all the practical requirements cannot be met in the student's work setting. In that case, the individual will be placed in another facility by the Facilitator in collaboration with the Nursing Manager.
- Clinical accompaniment is provided by the educator/facilitator, trained mentors, and registered professional nurses.

The student must provide:

- Evidence of clinical competence
- A complete portfolio of evidence

Mission Statement

Our mission is:

- To deliver measurable training outcomes, governed by sound educational principles, and evidence-based practice while adhering to legislation and quality standards
- To contribute to the development of skills relevant to healthcare service delivery nationally
